DISCLOSURE
1. Rate Information. The Dividend rate and Annual Percentage Yield (APY) on your accounts are stated on page one. For Business Savings, Business Other Savings, and Elite Business Checking, the dividend rate and APY may change monthly as determined by the Credit Union’s Asset Liability Committee (ALCO). For Business Money Market accounts, the dividend rate and APY may change weekly as determined by ALCO. Business Money Market accounts and Elite Business Checking accounts are tiered rate accounts for which you will receive the dividend rate and APY for each balance tier once the tiered balance amount has been met. Fees may reduce earnings. For Business Certificates, the dividend rate and APY are fixed and will be in effect for the term of the account. For Bump Rate Business Certificates you may elect to adjust your dividend rate to a new fixed dividend rate based on the rate currently offered for that account once during the initial term of the account. For all Business Certificate accounts, the APY is based on assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings. No interest or dividends will be paid to any zero dividend account regardless of any terms or conditions provided by KCU.

2. Nature of Dividends. Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. For variable rate accounts, the dividend rate and APY stated on page one are the rates that the Credit Union anticipates paying for the applicable dividend period.

3. Compounding and Crediting. Dividends will be compounded daily and credited monthly. The dividend period for Business Savings, Business Other Savings, Business Money Market and Elite Business Checking accounts begins on the first calendar day of the month and ends on the last calendar day of the month. The dividend period for all Business Certificates begins on the day the account is open and ends on the maturity date of the account. For all accounts, if you close your account prior to the end of the dividend period, dividends will not be paid.

4. Accrual of Dividends. Dividends will begin to accrue on non-cash deposits (e.g. checks) on the business day you make the deposit to your account.

5. Balance Information. The minimum balance required to open each account is stated on page one. Dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day in the period and dividing that figure by the number of days in the period. The minimum average daily balance requirements to obtain the stated APY are listed on page one. If the average daily balance falls below the minimum requirement, dividends will not be paid. Business Money Market and Elite Business Checking accounts that do not maintain the minimum average daily balance will be charged a monthly service fee. You may change your checking account type at any time in person, by online chat, or by phone, with a Financial Service Representative. Please note, the account type does not automatically change according to the account balance, activity, or relationships.

6. Transaction Limitations. Business Savings, Business Other Savings, and Business Money Market accounts, transaction limitations will apply. No more than six (6) preauthorized, automatic, online transfers, telephone transfers may be made from these accounts to another account of yours or to a third party in any month. If you exceed these limitations, your accounts may be assessed fees, your items may be returned unpaid and/or your account may be closed.

   A. Account Limitations. After your account is opened, you may not make withdrawals or additional deposits to your account, unless otherwise indicated on the reverse.
   B. Maturity. Your Business Certificate account will mature within the terms or on the maturity date on your Business Certificate Receipt or Maturity Notice.
   C. Early Withdrawal Penalty. We may impose a penalty if you withdraw any of the principal of your Business Certificate account before the maturity date.
      i. Amount of Penalty. For Business Certificate accounts, the amount of the early withdrawal penalty is 90 days dividends for certificates with maturity dates of 1 year or less, 180 days dividends for certificates with maturity dates over 1 year.
      ii. How the Penalty Works. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal. For total withdrawal of funds, the penalty will be calculated on the principal balance in the account at the time of early withdrawal. For partial withdrawals, the penalty will be calculated on the amount withdrawn.
   D. Renewal Policy. Business Certificate accounts are automatically renewable accounts and will automatically renew for another term upon maturity, unless you request otherwise. Promotional Certificates are not eligible for auto renewal at maturity. For a renewal account you have a grace period of seven (7) business days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty. If the account will not automatically renew, dividends will not be paid after maturity, and the entire balance will be transferred in accordance with your payment instruction.
   E. Nontransferable/Nonnegotiable. Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union. The rates and fees appearing in this Schedule are accurate and effective as of the Effective Date indicated on the reverse side. If you have any questions or require current rate information on your accounts, please call the Credit Union.
