APY = Annual Percentage Yield

+New money only. New money is defined as funds not currently held in deposit accounts at Kitsap Credit Union, unless made within the last 15 days.

TRUTH-IN-SAVINGS DISCLOSURE

The following disclosures apply to the promotional Kitsap Credit Union accounts listed above:

- 1. Rate Information.** The dividend rate and annual percentage yield (APY) will be available as of the effective date on this notice, is a limited time offer and rate subject to change at any time. For Gold Money Market Account and Promotional Certificate account, the dividend rate and APY are fixed and will be in effect for the term of the account. For Gold Money Market, the promotional dividend rate and APY will be in effect until 12/31/2022, at which point the account will convert to a Money Market account and current dividend rate and APY will apply to current balance. Money Market account is a tiered rate account for which you will receive the dividend rate and APY for each balance tier once the tiered balance amount has been met. Refer to the Rate and Fee Schedule or contact the Credit Union to obtain the current rates.
- 2. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. For Promotional Certificate account, the APY assumes that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.
- 3. Compounding and Crediting.** Dividends will be compounded daily and credited monthly. The dividend period for Gold Money Market account begins on the first calendar day of each month and ends on the last calendar day of each month until the end of the promotional period. The dividend period for Promotional Certificate account begins on the day the account is open and ends on the certificate maturity date. No interest or dividends will be paid to any zero-dividend account, regardless of any terms or conditions provided by KCU. For all accounts, if you close your account prior to the end of the dividend period, dividends will not be paid for that period.
- 4. Accrual of Dividends.** Dividends will begin to accrue on non-cash deposits (e.g., checks) on the business day you make the deposit to your account.
- 5. Balance Information.** The minimum balance required to open each account is stated above. Dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day in the period and dividing that figure by the number of days in the period.
- 6. Transaction Limitations** New money is required. New money is defined as funds not currently held in deposit accounts at Kitsap Credit Union, unless made within the last 15 days. A Share Savings account is required. Gold Money Market and Promotional Certificate accounts are limited to one per Taxpayer Identification Number (Social Security Number, Individual Taxpayer Identification Number).
- 7. Promotional Certificate Account Features**
 - a. Account Limitations.** After your account is opened, you may not make withdrawals or additional deposits to your account, unless otherwise indicated above.
 - b. Maturity.** Your Promotional Certificate account will mature within the terms or on the maturity date on your Promotional Certificate Receipt or Maturity Notice.
 - c. Early Withdrawal Penalty.** We may impose a penalty if you withdraw any of the principal of your Promotional Certificate account before the maturity date.
 - i. Amount of Penalty.** For Promotional Certificate account, the amount of the early withdrawal penalty is 90 days dividends for certificates with maturity dates of 1 year or less, 180 days dividends for certificates with maturity dates over 1 year.
 - ii. How the Penalty Works.** The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal. For total withdrawal of funds, the penalty will be calculated on the principal balance in the account at the time of early withdrawal. For partial withdrawals, the penalty will be calculated on the amount withdrawn.
 - iii. Exceptions to Early Withdrawal Penalties.** At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances:
 - A.** When an account owner dies or is determined legally incompetent by a court of law or other body of competent jurisdiction.
 - d. Renewal Policy.** Promotional Certificate will automatically renew to a 12-month term and rate available as of the maturity date of the existing promotional certificate. For a renewal account, you have a grace period of seven (7) business days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.
 - 8. Nontransferable/Nonnegotiable.** Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union. The rates and fees appearing in this Schedule are accurate and effective as of the Effective Date indicated above. Fees could reduce earnings. If you have any questions or require current rate information on your accounts, please call the Credit Union.
